

M.S. PROGRAM OF STUDY

(CS-03)

Name:

PID:

--

Instructions: This form details an individual program of study for the MS Degree. It should be filed with the Student Services Manager when the program is substantially planned (**typically after two semester**), and can be amended subsequently. Forms mentioned in this program of study can be filed separately and at a later date.

Date Submitted:

I. Course Requirement

- Minimum 30 hours total of courses conferring graduate credit, including courses transferred from UNC-CH Continuing Education or another institution. Courses transferred in must be approved by and on file with the Graduate School.
- Minimum 18 hours of COMP courses.
- If a thesis option is elected, must take 3 - 6 hours of COMP 993.
- If a minor is elected, see Graduate School Handbook (<http://handbook.unc.edu/preface.html>)

List the courses you expect to use to meet the MS requirements. Include Section Number for COMP 790 and COMP 990-993 courses. Do NOT list research team meeting seminars. Indicate courses used to satisfy the distribution requirement with a mark in the DR column.

A = Applications

S = Systems & Hardware

T = Theory & Formal Thinking

[illegible]

II. Additional Requirements
