

The UNIVERSITY of NORTH CAROLINA at CHAPEL HILL

Comp 411 Computer Organization

Fall 2012

Lab #7: More MIPS Assembly

Issued Fri, 10/5/12; Due Fri, 10/12/12 (beginning of class)

Your task is to go through the entire Lab 7 assignment posted on the class website and implement the program for Exercise 1. You must finish this lab and submit your work by the beginning of lab on Oct 5 (1pm).

Test Inputs: Sample inputs and outputs are provided at `/home/montek/comp411/samples/lab7`.

What to submit: You will submit both your C and assembly files for this exercise. Specifically, only the files `ex1.c` and `ex1.asm` will need to be submitted.

How to submit: Copy your files to a `lab7` subfolder under your `comp411lab` folder on `classroom.cs.unc.edu`, and run the command for electronic submission, as follows:

```
% cd ~/comp411lab/lab7  
% /home/montek/comp411/bin/submitlab7
```

In case of any problems, please contact the instructor or the TAs.
