The UNIVERSITY *of* NORTH CAROLINA *at* CHAPEL HILL

Comp 411 Computer Organization
Fall 2012

Lab #9: More Recursion in C
Issued Fri, 10/26/12; Due <u>Wed, 10/31/12 (beginning of class)</u>

Your task is to go through the Lab 9 assignment posted on the class website and implement the programs for Exercises 1-2. You must finish this lab and submit your work by the beginning of class on Oct 31 (1pm).

Test Inputs: Sample inputs and outputs are provided at /home/montek/comp411/samples/lab9.

What to submit: You will submit both your C and assembly files for Exercise 1, and only the C file for Exercise 2. Specifically, only the files **ex1.c**, **ex1.asm** and **ex2.c** will need to be submitted.

How to submit: Copy your files to a `lab9` subfolder under your `comp411lab` folder on `classroom.cs.unc.edu`, and run the command for electronic submission, as follows:

```
% cd ~/comp411lab/lab9
% /home/montek/comp411/bin/submitlab9
```

In case of any problems, please contact the instructor or the TAs.
