Is it in the table?

Use of MATCH
Is element in the table?

1. Use MATCH
   - Will return an error if not found
2. Check using ISNUMBER, ISERROR, IFERROR
3. Replace with appropriate text
IFERROR

- If the expression returns an error, use the alternative
- IFERROR(expression, alternative)
  equivalent to
  IF(ISERROR(expression), alternative, expression)
(worksheet MATCH for existence)
